# LIFT

## LOAD CAPACITY: 12+12 KG

Fissare il LIFT alla fiancata dell'armadio (pos. 1).

Per abbassare il LIFT, tirare la maniglia fino al «clic» (pos. 2).

Per fare risalire il LIFT, tirare ancora la maniglia **verso il basso** (pos. 3), quindi accompagnare lentamente all'interno dell'armadio.

ATTENZIONE: il LIFT non può risalire se non passa dalla pos. 3.

Attach the LIFT to the side of the wardrobe (pos. 1).

To lower the LIFT, pull the handle as far as the «click» (pos. 2).

To raise the LIFT again, pull the handle **downwards** as far as (pos. 3), then move it slowly into the wardrobe.

N.B. The LIFT cannot be raised without passing through pos. 3.

Fixer le LIFT sur le côté de l'armoire (pos. 1).

Pour abaisser le LIFT tirer la poignée jusqu'au «clic» (pos. 2).

Pour faire remonter le LIFT tirer encore la poignée **vers le bas** (pos. 3) et accompagner ensuite doucement à l'intérieur de l'armoire.

ATTENTION: le LIFT ne peut remonter s'il ne passe pas par la position 3.

Den LIFT auf der Seitenwand des Schrankes befestigen (Pos. 1).

Zum Herunterholen des LIFT die Griffstange bis zum «Klick» herunterziehen (Pos. 2).

Un den LIFT wieder nach oben zu bringen, die Griffstange **nach unten** ziehen (Pos. 3); den LIFT beim Zurückgehen in den Schrank Hochschieben der Griffstangen unterstützen.

ACHTUNG: Der LIFT zurückgehen, wenn er nicht die Pos. 3 durchlaufen hat.

Fijar el LIFT en un costado del armario (pos. 1).

Para bajar el LIFT, tirar de la palanca hasta oír el «clic» (pos. 2).

Para subir el LIFT, tirar de la palanca **hacia el bajo** (pos. 3) después acompañarla lentamente hacia el interior del armario.

ATENCIÓN: el LIFT no puede subir si no pasa la pos. 3.
